SUMMER ENRICHMENT

To keep our students engaged, students should spend 30 – 40 minutes EVERY DAY in each subject area on ixl. As well as reading every day on Raz-kids.

School Re-Opening 2020-21

There is a Taskforce at work looking at the recommendations from the CDC, North American Division, and our local government on the school reopening. When the report is ready, a meeting will be scheduled to inform our parents on how we will move forward in the Fall. To that end, it is particularly important that parents take advantage of the early registration which ends July 15, 2020.

Along with the guidelines, we are planning some training-seminars/webinars to facilitate a successful school year. We want to help you and your child succeed. Some of the areas under consideration are:

1. Navigating SMART Tuition
2. Accessing Jupiter, Google Classroom, etc.
3. Monitoring Raz-Kids and ixl.
4. Creating Routines
5. If you have any areas you would like training, please submit your suggestion. We will attempt to provide training.
